

HARSH PABANI

Software Engineer

Phone: +91-8160521161 | Email: harshpabani92@gmail.com | Rajkot, India

 GitHub |  LinkedIn

PROFESSIONAL SUMMARY

Software Engineer specializing in backend development and full-stack web applications, with hands-on experience building scalable RESTful APIs using Node.js, Express.js, TypeORM, and PostgreSQL. Skilled in real-time systems (Socket.IO), authentication (JWT, OTP). Growing expertise in applied AI/LLM engineering, including RAG pipelines and LangGraph-based systems. Strong foundation in data structures and algorithms, backed by competitive programming (Codeforces Specialist, 4★ CodeChef).

RELEVANT EXPERIENCE

•Backend Developer Intern | Pedals Up Innovations LLP

Jan 2025 – Jun 2025

- Engineered 12+ RESTful API modules for Yett – a multi-tenant loyalty & engagement platform using Node.js, Express.js, TypeORM, and PostgreSQL, supporting three distinct user flows (business dashboard, customer mobile app, and admin panel) with JWT authentication and OTP verification via Exotel.
- Implemented real-time bidirectional chat via Socket.IO and a Firebase Cloud Messaging notification pipeline, alongside a loyalty points & invoice management system with automated point calculation, receipt upload, and approval/rejection workflows.
- Integrated AWS S3 for secure media storage, PostGIS for geospatial store discovery, and Google Maps API for location-based features, delivering a scalable modular backend with seamless third-party integrations across Google Cloud, Firebase, and AWS.

ADDITIONAL EXPERIENCE

•Trainee Trader & Research | Xion Multiventures Pvt. Ltd. (ARB Trading Group)

Aug 2025 – Aug 2026

- Analyzed Brazil's fixed income market, applying quantitative research to interest rate, inflation, and macroeconomic trends to identify trading opportunities in derivatives markets.
- Traded interest rate products using spread, butterfly, and condor strategies, combining fundamental and technical analysis.

EDUCATION

•Bachelor of Technology in Computer Science and Engineering

2021 – 2025

Nirma University, Ahmedabad

CGPA: 8.36

TECHNICAL SKILLS

AI/LLM Engineering: LangGraph, RAG, Vector Embeddings, Google Gemini API, Prompt Engineering

Languages: C++, Python, JavaScript, SQL

Web Dev Tools: Node.js, React.js, Express.js, TypeORM, Socket.IO

Databases & Dev Tools: PostgreSQL, MySQL, MongoDB, Git, GitHub, Docker, Kubernetes, Postman

Big Data & Cloud: PySpark, Spark MLlib, Firebase

Relevant Coursework: Data Structures & Algorithms, Database Management Systems, Object Oriented Programming, Software Engineering

PERSONAL PROJECTS

•AI Interview Prep |

AI-powered platform generating personalized interview strategies from a candidate's resume and target job description.

- Built a full-stack MERN app with JWT authentication and token blacklisting for secure session invalidation on logout.
- Leveraged Google's Gemini API with Zod schema validation to compute a resume-to-job match score, identify skill gaps, and generate tailored technical/behavioral interview questions with model answers.
- Generated a day-wise interview preparation roadmap and an AI-driven, ATS-friendly tailored resume PDF (via Puppeteer) aligned to the target job description.
- Technology Used: React.js, Node.js, Express.js, MongoDB, JWT, Google Gemini API, Zod, Puppeteer.

•Recommendation-Bot |

RAG chatbot that recommends products based on user queries and chat responses.

- Generates tags from user requirements and maps them to product keys to drive recommendations.
- Built a RAG pipeline using vector embeddings in Zilliz Cloud to ground LLM responses in relevant product data, reducing hallucinations.
- Technology Used: Python, Reactjs, Clerk.js, Zilliz Cloud, Langchain, LLM.

ACHIEVEMENTS

- **HackNUthon 5.0 2nd Runner-Up.** ([Certificate](#))
- Secured **global rank of 3993** in **TCS Codevita** Season 11. ([Certificate](#))
- **Specialist At Codeforces** (Max Rating: 1488). ([Profile Link](#))
- **4 Star Rated Programmer - CodeChef** ([Profile Link](#))
- Secured **Global Rank-83** in **CodeChef** Starters 154 round for Division-2
